

Wage Addendums

Federal

The Federal Wage Determinations to Highway Construction Projects Decision WA10001 (WA1), are formatted and printed to PDF, so that each Modification is identical in page break and content format as the previous modification. The only difference should be the actual revisions to the Occupations text description or Wage.

These are formatted in this way so that any Addendums that a new Modification may initiate for a project, will require only that the Revised pages be Added, not the entire Federal Wage document.

In this example,

In Addition to the PDF document that is published, a Word document is also published for your convenience.

This Word.Docx is initially formatted identically in each modification, but due to Differing models of printers and print drives, this document may display slightly different formatting, and Page breaks when opened and viewed on your PC.

State

The State Wage Determinations are published twice a year. The first week of March and the first week of September.

These Wages are normally available on the web site three weeks prior to their effective date.

These Bi-Annual Revisions require a complete State Wage Determination document replacement.

The Effective Date printed in the State wage determinations will have been revised and will make this necessary, whether or not the actual occupational text or wage rates have been revised.

There are three parts to the State Wage Determinations, all are required to be replaced.

- The Applicable **County** document(s)
- The "**Washington State Department of Labor and Industries Policy Statement** (Regarding the Production of "Standard" or "Non-standard" Items)", Also known as the Supplemental to Wages.
- The **Benefit Code Key**

EMERGENCY REVISIONS TO BI-ANNUALLY PUBLISHED STATE WAGES.

These require that only those occupations revised and the associated rates be addended. It is not necessary to replace the entire County document as the Emergency Revisions are covered by the original effective date of the wages they are revising.

Addendums to the State Wage Determinations.
Are only required if a project has already been placed on AD,
AND
the Bid Opening Date is On or After the effective date printed on the revised Wage Determinations.
