To those interested in the Safe Routes to School Program:

WSDOT today released a "call for projects" for our Safe Routes to School program. The goals of the Safe Routes to School grants are to increase the number of children walking and biking to school where it is safe, and if it's not safe, work to make it safer. The program supports pedestrian and bicycle safety projects such as walking to school buses, sidewalks, bike lanes, ped safety education, bicycle safety skills classes, crossing guards, speed feedback signs and traffic safety cameras. The program itself was created to provide children a safe, healthy alternative to riding the bus or being driven to school.

Eligible Safe Routes projects are those within two-miles of primary and middle schools (grades K-8), and that address engineering solutions, educational and encouragement programs, and law enforcement efforts. Review criteria for the applications are also based on project readiness and need or potential impact.

More detailed information about the grant program and the application process is available on WSDOT's website at [www.wsdot.wa.gov/LocalPrograms/SafeRoutes/CallForProjects](http://www.wsdot.wa.gov/LocalPrograms/SafeRoutes/CallForProjects). Applications for Safe Routes to School project grants are due to WSDOT on May 4, 2012.

**Title:** *Safe Routes to School Overview Webinar*

**Date:** Thursday, March 1, 2012

**Time:** 1:00 PM - 3:00 PM PST

You will need speakers or head phones to participate in the webinar. During the webinar, a questions box will be available on your control panel to allow for you to submit questions. After registering you will receive a confirmation email containing information about joining the Webinar.

**System Requirements**

PC-based attendees

Required: Windows® 7, Vista, XP or 2003 Server

Macintosh®-based attendees

Required: Mac OS® X 10.5 or newer
