

## NRHP Washington State Historic Highway Bridges

The following bridges are listed in (NR), determined eligible for listing in (NR DE), have been nominated to, or are recommended eligible for the National Register of Historic Places. Those documented by, or for, the Historic American Engineering Record or the Department of Archaeology and Historic Preservation's Level 2, are identified as 'HAER'. Bridges labeled 'Interstate' are features of the Interstate System identified by FHWA as being of exceptional national significance. This list is subject to change and does not include railroad bridges, bridges built exclusively to carry water or sewer pipes nor tunnels. If you have any questions please contact Craig Holstine, WSDOT Historian at holstic@wsdot.wa.gov or 360.570.6639.
