(SR 520 Bridge Replacement)

Dear Mr. Allison:

We have received your request to modify the approved plans for the above-referenced Department of the Army permit. The permit authorizes replacing 5.2 miles of the State Route (SR) 520 corridor between Interstate 5 (I-5) and the City of Medina in wetlands and the waters of Portage Bay, Union Bay, and Lake Washington at the Cities of Seattle and Medina, Washington. This modification consists of additional temporary impacts from the bridge demolition. Your request for a permit modification is approved. Enclosed are the approved modified plans dated February 17, 2016, which supersede plans authorized by the Secretary of the Army on March 22, 2012; July 20, 2012; July 15, 2013; February 19, 2014; December 16, 2014; and June 24, 2015.

All other terms and conditions contained in the original permit remain in full force and effect. Please be aware that you may need to contact other agencies whose permits may be affected by this modification. If you have any questions, please contact Ms. Rebecca McAndrew at rebecca.e.mcandrew@usace.army.mil or at (206) 764-6912.

BY AUTHORITY OF THE SECRETARY OF THE ARMY:

for John G. Buck
Colonel, Corps of Engineers
District Engineer
