POSTCARD COMMENTS REGARDING SAN JUAN INTER-ISLAND ROUTE

Washington State Ferry KLICKITAT
Built in San Francisco, California, 1927.
Length: 256 feet. Capacity: 75 cars — 800 passengers

WE ♥ OUR INTERISLAND FERRY!

PLACE STAMP HERE

TO WHOM IT MAY CONCERN,
THE INTERISLAND FERRY ROUTE IS A NECCESARY PART OF LIVING HERE IN THE SAN JUANS, MANY PEOPLE USE THIS FERRY ROUTE TO COMMUTE TO WORK & TO & FROM SCHOOL. TO LOWER THE LEVEL OF SERVICE MORE THAN IT ALREADY HAS BEEN WILL HURT THE PEOPLE WHO USE THIS ROUTE TO & FROM WORK. IT WILL ALSO LOWER COMMERCE BETWEEN THE ISLANDS THUS HURTING US ECONOMICALLY, AS TOURISTS ALSO USE ~~THIS~~ FERRY ROUTE TO EXPLORE THE SAN JUANS, IF IT WERE REMOVED IT WOULD HURT OUR ISLANDS ECONOMICALLY.
WE NEED OUR INTERISLAND FERRY ROUTE!

SINCERELY,

YOU NEED TO START THINKING OUTSIDE THE BOX ON FERRY ISSUES.
USE SMALLER FERRIES IN LOWER NEED TIMES
START SAVING FOR FERRY REPLACEMENT & REPAIRS - DON'T WAIT.
UNDERSTAND THE IMPACT ON LOCAL ECONOMIES YOU HAVE BY FILLING A VOID W/SERVICE & THEN YANKING THAT SERVICE OUT OF LINE. THINK DOMINOE'S THEORY.

ADDRESS

THE SAN JUAN ISLANDS ARE PART OF THE LARGER ATTRACTION FOR TOURISM IN WASHINGTON STATE. "THE JEWEL OF WA. ST."
PEOPLE WHO COME HERE HAVE BEEN EDUCATED FOR YEARS THROUGH PUBLICITY. THEY EXPECT ACCESS TO THE SAN JUANS. THEY EXPECT ACCESS TO VICTORIA B.C. THROUGH THE SAN JUANS.
WHAT LEVEL OF DISAPPOINTMENT STARTS TO EFFECT WA. ST. ECON.

I KNOW YOU WANT TO BE PROFITABLE - BUT ACTUALLY THAT IS A LESSER NEED IN RELATIONSHIP TO THE OVERALL EFFECT ON ST. ECON. LOCAL ECON. AND "LONG TERM" ECON RECOVERY.
WHAT DO WE LOOSE LATER BY CUTTING BACK NOW? OUR LOCAL ECON IS ~~UNHEALTHY~~ GREATLY BASED ON "Good" FERRY SERVICE.

I STRONGLY OPPOSE THE REDUCTION OF FERRY SERVICE BETWEEN ANACORTES AND THE ISLANDS - ALSO THE REDUCTION OF SERVICE BETWEEN ISLANDS WILL MAKE A FURTHER HARDSHIP ON THE WORKING PEOPLE LIVING IN THE ISLANDS WHO NEED TO WORK ~~AT~~ AND SERVICE OTHER ISLANDS - CANCELLATION OF THE SIDNEY RUN IS SHORTSIGHTED -

I LIVE AND WORK ON ORCAS AND TRAVEL TO SMALL LOPEZ - SAN JUAN FOR WORK AND SERVICE CALLS ON THOSE ISLANDS

We need our boat !!!
My job depends on it.
I wark on small shaw Island, which is made up of mostly retired people who need ferry service to get to doctors and school Childern who comute to school, and Many workers who go to the other Islands to their jobs. losing the Inter-Island Boat would mean many of us having to leave the Islands.

ADDRESS

Now is when we need our boat, when the whole economy is failing us we need Stability. You will be a big help if you allow us to continue to have the Interisland boat!!! What are taxes compared to our jobs! Besides we love our boat and its Crew. Jael C. Finney

To WA. ST. - Whom it May Concern,

Please DO NOT remove our ferries from service in the San Juans. The ferries are our roadway systems - not accessories, but necessities, esp. to our county seat, FRIDAY HARBOR.

Removing the inter-island would be catastrophic for many who work & need to travel inter-island. I am commuting to Skagit Valley Community College, San Juan Ctr. for this quarter & daily need to come to San Juan Is., the Court House for many reasons. Without the Inter-Is. Ferry, I could never bring

The Sydney run is our only way to get to Vancouver Is. without much more mainland travel & expense. Again our Economies, Canada's & ours are inter-dependent.

Please keep all ferries running

Since I am working + unable to attend this meeting I feel it necessary to write my comments.
Reducing any Ferry Service + raising rates is a hardship for the San Juans. These Ferry Routs are our Highways. We do Not have an option to drive to work or shopping or medical appointments. We have to take a Ferry. So please Consider that having affordable + decent schedules + options is a necessity not just something we can do or not do. These routes in the San Juans are possibly the only just "Highways" in the Puget Sound.

Interisland ferries are vital to the livelihood of the San Juans. So many businesses operate on multiple islands. By ending interisland ferries, services would be disrupted or terminated and many businesses would be put into jeopardy.

The relative ease in moving between islands was a major factor in our decision to settle on Orcas.

I totally disagree with your nifty idea of cutting ferry service to S.J. Islands. We, as islanders are punished enough for living in "pasadise". The hours we have to wait in ferry lines to come home or leave to attend a apt. that services are not offered. The money we pay to come home, the missed ferries, the missed appts. it is endless. Please

Regarding Plan B:

- The ferries are not just for tourists; we live here! Reducing the service this much affects not just our transportation to our homes, but also the cost of our food, gas, & supplies. This will make it necessary for yet more of our "service" families to leave.

An Alternative Idea:

Take a cue from our new President-Elect, & develop a way to use the ferries for economic development. Keep the Sydney boat & set up SJ/Olympic packages. Put commerce on the boats — dance lessons — get creative! Keep the service!

I have commuted on the inter island ferry's for seven years to work at a retail shop on F.H. I live on Orcas and can make more money managing a shop on F.H. SALES IN our towns are down. we need local inter-island communication in order to stay open. alot of our traffic shopping, all year around, IS from families who stay on a small island and want to travel to the big city (F.H.) to do their shopping for the day. We need inter-island RUNS and lots of them in order for Retail to survive in the Islands.

I'd like to see ferry fares go down.

A newer fleet.

Routes in San Juan County work OK but should not be reduced.

The Illahee would work fine as an inter-island vessel, current boat is too large in San Juan county.

Cut fat from the system

Give locals a price-break.

I ride the inter-island ferry 3-4 times per week with my garbage truck. (San Juan Sanitation)

Its necessary to transport garbage daily inter-island or else there would be garbage and recycling build up on Orcas, San Juan, Shaw and Lopez. This would create major health hazards.

— Thanks.

PLEASE DONOT CUT ANOTHER FERRY FROM OUR SYSTEM. IT IS EXPENSIVE AND HARD ENOUGH TO GET AROUND AS IT IS. WE PAY TAXES FOR THE ROADS WE DON'T USE IN OUR STATE. THESE FERRIES ARE OUR ROADS. I COMMUTE FROM LOPEZ TO FRIDAY HARBOR EVERY DAY FOR WORK.

THE SUMMER FERRY RIDERSHIP IS QUITE HIGH. YOU CANT EVEN KEEP UP WITH THAT LOAD. SO HOW DO YOU THINK CUTTING FERRIES IS GOING TO HELP? THE WINTER/SPRING SCHEDULES ALLOW A PERSON TO WORK ON OTHER ISLANDS MORE EFFICIANTLY AND SHOULD'NT BE CHANGED LET ALONE CUT BACK.

TO WHOM IT MAY CONCERN;

PLEASE DO NOT CUT OUT A FERRY!
I HAVE CHILDREN THAT REQUIRE OFF ISLAND DOCTORS. CUTTING OUT ONE FERRY LESSENS OUR OPTIONS OF GETTING THEM TO THEIR APPOINTMENTS!

Thank You!

Do not cut our ferries down!!! I have a family of 4 - and we rely on the ferries for everything. My two children play sports and travel off island regularly. I use the ferries to travel to Friday Harbor & Lopez from Orcas for work. I don't agree with this cut at all.

San Juan Ferry Runs

PLACE STAMP HERE

I travel on the ferries frequently. The current schedule was difficult for my plans again yesterday.

The ferries are our livelyhood + connection to the rest of families + communities.

1. Please schedule future meeting so that we may attend - evenings please
2. Please keep our ferries running. We need all of them to alleviate "rush hour" in the ferry systems!
