

# Project Need: Support Planned Transit Service Improvements

Transit agencies and local jurisdictions are planning transit improvement programs on the Eastside.

These programs include:

- Developing bus rapid transit (BRT) through the Eastside corridor under the SR 520 High Capacity Transit Plan, including increased ST Express service included in the Sound Transit 2 package on the 2008 ballot.
- Additional buses and expansions of the South Kirkland and Redmond Park and Ride lots through the Urban Partnership Agreement grant programs.
- King County Metro's Transit Now initiative to expand services in the Eastside corridor by 15 to 20 percent to meet demand.
- RapidRide BRT lines in Bellevue and Redmond.
