

11. LIST OF I-405 CORRIDOR PROGRAM DISCIPLINE STUDIES

Errata and addenda have been prepared for several of the I-405 Corridor Program draft technical expertise reports to identify important modifications since the reports were prepared. Because not all of the modifications may be contained in the errata and addenda, the information in the Final EIS is understood to supersede any discrepancies with the expertise reports and technical memoranda that may not be covered in the errata and the addenda.
