## PART 1 - PROJECT DESCRIPTION

**Statement of Deficiencies/Needs:** This project is included in the Eastern Region 20-year financially constrained mobility strategy. The region does not have a high capacity north-south transportation corridor for the efficient movement of freights, goods and people to meet the future transportation demands. The current traffic congestion on both state routes and local routes moving in a north south direction have contributed to non-attainment for carbon monoxide levels within the urban growth boundaries.

**Statement of Purpose:** This project constructs three southbound lanes and five bridges between Freya Street and Farwell Road. When complete this

## DESCRIPTION OF WORK

### WIN Description

**600012A US 395/NSC - Freya St to Farwell Rd - SB Additional Lanes**

**Version: US 395/NSC - Freya to Fairview SB Additional Lanes**

<b>Type of Work:</b> Additional Lanes	<b>NHS Status:</b> NHS	<b>Roadway:</b> Multi-lane	<b>New/ Reconstruction?</b> Yes	<b>Functional Class:</b> Principal Arterial
--	---------------------------	-------------------------------	------------------------------------	--

### SR/WIN Mile Posts

State Rt. 0 Other SR(s)?  Begin MP 161.99 End MP 165.71 Ctrline Length 3.72 Resurfacing Length 11.20

Location Information
<b>WIN Region</b> Eastern
<b>Township, Range, Section</b> Sec 15, 22, 27, T. 26N., R.43E.W.M.
