NOTES

1. Prefabricated units may be used in lieu of the design shown on this plan.
2. Structure shall be constructed such that geotextile material shall be fastened to posts creating a seamless joint.
3. Ensure that ponding height of water does not cause flooding on adjacent roadways or private property.
4. Temporary BMP shall not be used in conveyances, ditches or any other areas receiving concentrated flows.
5. Perform maintenance in accordance with **Standard Specification Section 8-01.3(15)**
