

Recycled Concrete Aggregate Reporting

| Contract Number | | Contract Title | | | | | | |
|---|------------|-----------------|---------------------------|-----------------------------|---|----------------------|-----------------------------|---|
| Contractor | | | | Project Engineer | | | | |
| Material Type | | | | Planned Usage | | Actual Quantities | | |
| | | Contract Item # | Item Plan Quantity (Tons) | Recycled Concrete Aggregate | | Item Actual Quantity | Recycled Concrete Aggregate | |
| | | | | Tons | % | Tons | Tons | % |
| Coarse Aggregate for Concrete Pavement | 9-03.1(4) | | | | | | | |
| Ballast | 9-03.9(1) | | | | | | | |
| Permeable Ballast | 9-03.9(2) | | | | | | | |
| Crushed Surfacing | 9-03.9(3) | | | | | | | |
| Aggregate for Gravel Base | 9-03.10 | | | | | | | |
| Gravel Backfill for Foundations | 9-03.12(1) | | | | | | | |
| Gravel Backfill for Walls | 9-03.12(2) | | | | | | | |
| Gravel Backfill for Pipe Zone Bedding | 9-03.12(3) | | | | | | | |
| Gravel Borrow | 9-03.14(1) | | | | | | | |
| Select Borrow | 9-03.14(2) | | | | | | | |
| Common Borrow | 9-03.14(3) | | | | | | | |
| Foundation Material Class A and Class B | 9-03.17 | | | | | | | |
| Foundation Material Class C | 9-03.18 | | | | | | | |
| Bank Run Gravel for Trench Backfill | 9-03.19 | | | | | | | |
| PROJECT TOTAL | | | | | | | | |

The Contract did not include the listed material. Concrete Suppliers within allowed travelling distance do not utilize RCA.

I declare this document is prepared by an authorized representative of the Contractor, and that the statements made in this document, including attachments and price quotes, are complete, true and accurate.

Instructions

This form will be used for the Recycled Material Utilization Plan and the final usage report required in Standard Specification 1-06.6. This form shall be completed by the Contractor and submitted* to the Engineer at the follow intervals:

Within 30 calendar days after Contract Execution - Complete this form by entering the Contract Bid Item, Contract Plan Quantity and Tons of Recycled Concrete Aggregate that will be used for each of the materials listed under Material Type that is included in the Contract.

Within 30 calendar days after Physical Completion - Update this form to show the actual quantities used in the project.

*If either submittal shows Recycled Concrete Aggregate usage as less than 25% on the TOTAL line, attach a cost estimate meeting the requirements of Standard Specification 1-06.6 prior to submitting the form to WSDOT.

The 25% Recycled Aggregate Usage requirement is calculated based on the total tonnage of Recycled Concrete Aggregate used on the entire Contract (as shown on the "Project Total" line above), not on the individual Contract Bid Items.
