- View all permits issued to your fleet.

## Important note: Check your route

It is the responsibility of the carrier to check [restrictions](#) prior to moving oversized loads. Carriers are also required to check the route for [over height clearances](#) prior to moving. Permits are only valid for state routes; you must contact the [local jurisdiction](#) for approval to travel on city streets and county roads. It is also the responsibility of the carrier to know and follow the rules and regulations related to oversized loads.
