

NPDES Bridge and Ferry Terminal General Permit Planned Bridge Activities from 1/1/2020 to 12/31/2020

This table lists WSDOT's planned activities to be in compliance with permit conditions for Bridge Spot Painting (S4B), Routine Maintenance Cleaning and Washing (S4C), and Bridge Preparatory (Pre-Painting) Cleaning and Washing (S4D). Scheduling changes will be made as needed to keep this list current.

This NPDES permit only covers preparatory bridge painting activities that discharge waste water into waters of the state and does not cover abrasive blasting (S4D pg. 11) .
WSDOT is not actively prep-washing bridges before painting or spot clean bridges at this time.
Work conducted before 8/1/17 was covered under NPDES permit number 0030039.

NPDES Bridge and Ferry Terminal General Permit Planned Bridge Activities from 1/1/2020 to 12/31/2020

This table lists WSDOT's planned activities to be in compliance with permit conditions for Bridge Spot Painting (S4B), Routine Maintenance Cleaning and Washing (S4C), and Bridge Preparatory (Pre-Painting) Cleaning and Washing (S4D). Scheduling changes will be made as needed to keep this list current.

This NPDES permit only covers preparatory bridge painting activities that discharge waste water into waters of the state and does not cover abrasive blasting (S4D pg. 11). WSDOT is not prep-washing bridges before painting.

NPDES Bridge and Ferry Terminal General Permit Planned Bridge Activities from 1/1/2020 to 12/31/2020

This table lists WSDOT's planned activities to be in compliance with permit conditions for Bridge Spot Painting (S4B), Routine Maintenance Cleaning and Washing (S4C), and Bridge Preparatory (Pre-Painting) Cleaning and Washing (S4D). Scheduling changes will be made as needed to keep this list current.

This NPDES permit only covers preparatory bridge painting activities that discharge waste water into waters of the state and does not cover abrasive blasting (S4D pg. 11) . WSDOT is not actively prep-washing bridges before painting or spot clean bridges at this time.

Southwest Region Contacts for Bridge Routine Maintenance Washing:

Primary: Mike London, Bridge Supervisor Office: 360-619-0660

Secondary: Tom Kohl - Regional Maintenance Environmental Coordinator Office: 360-905-2183 Cell: 503-863-7923

NPDES Bridge and Ferry Terminal General Permit Planned Bridge Activities from 11/1/2020 to 12/31/2020

This table lists WSDOT's planned activities to be in compliance with permit conditions for Bridge Spot Painting (S4B), Routine Maintenance Cleaning and Washing (S4C), and Bridge Preparatory (Pre-Painting) Cleaning and Washing (S4D). Scheduling changes will be made as needed to keep this list current. More precise dates for Routine Maintenance Cleaning will be posted here closer to when the activity occurs.

This NPDES permit only covers preparatory bridge painting activities that discharge waste water into waters of the state and does not cover abrasive blasting (S4D pg. 11). WSDOT is not actively prep-washing bridges before painting or spot clean bridges at this time.
