

WASHINGTON STATE FERRIES LEVELS OF ACHIEVEMENT 2018 - 2019

GREEN MARINE ENVIRONMENTAL CERTIFICATION

In 2018, Washington State Ferries became the first U.S. ferry operator to join Green Marine, the leading environmental certification program for the North American maritime industry. The Green Marine environmental certification program is all about achieving beyond compliance environmental performance and demonstrating continual improvement, as illustrated below.

Category	Performance Indicators	Achievement Levels	
		2018	2019
Ship owner	Air Emissions (NOx)	1	3
