

Policy change for the 2021-22 CTR Survey Cycle and Surveying Effort

What is changing?

- Synchronize the upcoming CTR survey cycle with the next CTR grantee contracts period by having the **2021-22 CTR survey cycle** start on **July 1, 2021** (instead of January 1, 2021) and run through **June 30, 2023** (instead of December 31, 2022).
- Start surveying for the 2021-22 cycle in **fall 2021** (instead of spring 2021) and use the **new CTR survey system**.

Approved by the TDM technical committee on September 24, 2020
