INITIAL PREQUALIFICATION PHASE

2. Consultant completes the “WSDOT Consultant Prequalification” form and submits to CSO per instructions on the form.

3. Upon acceptance of prequalification application, the consultant will receive written notice from CSO outlining the next steps and required documentation to complete the prequalification process. Consultant firms will be required to provide financial documentation and execute a Master Pricing Agreement (MPA) before your firm will be eligible to work. Required documentation includes:
   - Master Pricing Agreement document
   - Indirect Cost Rate (ICR) documentation
   - Crosswalk of Firm’s employee labor classifications to WSDOTs standard labor classification listing
   - Wage Theft Prevention Contractor Certification

4. Upon completion and acceptance of the above documentation, the consultant firm and contact information will be added to the prequalification category roster(s). Each category of work has a unique roster. Category rosters can be found on the CSO website: http://www.wsdot.wa.gov/Business/Consulting/ (Note: In order to be awarded an agreement under the prequalification program, the Prime consultant and all proposed subconsultants must be prequalified).

   The annual prequalification cycle is from July 1 through June 30. Prequalification applications are accepted year round, but must be renewed annually.

PROJECT ADVERTISEMENT AND AWARD PHASE

5. As consultant services are needed, WSDOT will solicit consultants from the prequalified roster(s) using a second tier advertisement and selection process. WSDOT may issue a Request for Additional Information (RFAI) to the point of contact listed on the prequalification category roster(s). The RFAI will include project information and submittal criteria.

6. Consultant(s) submit a response to the RFAI as specified in the RFAI.

7. WSDOT evaluates responses and makes a selection. Responding consultants will be notified of selection results via email.

8. WSDOT and the selected consultant negotiate a project specific agreement. As part of the negotiation process, the consultant shall prepare a project specific Actuals Not To Exceed (ANTE) table utilizing the consultant’s current approved ICR, pre-negotiated direct labor rates from the MPA, and a negotiated project specific profit rate (applicable for hourly rate agreements).

9. Upon execution of the agreement, work may commence.
