RE: Reporting Connecting Washington Projects with benefits to transit, bicycle, or pedestrian elements

Dear Director Schumacher, Senator Hobbs and Representative Fey:

The 2019 Transportation Appropriation Bill (ESHB 1160, Sec. 606) requires the Washington State Department of Transportation to report annually on the amounts expended to benefit transit, bicycle, or pedestrian elements within Connecting Washington projects in the Improvement (I), Preservation (P), and Local Program (Z) programs as identified in LEAP Transportation Document 2019-2 ALL PROJECTS as developed April 27, 2019.

For Fiscal Year 2019, 33 projects meet the reporting requirements of Section 606 (See attached report).

Please contact me at 360-705-7121 or alexanja@wsdot.wa.gov if you have questions on the attached material or need additional information.

Sincerely,

[Signature on File]

Jay Alexander
Director
Capital Program Development and Management
Washington State Department of Transportation

    Mark Matteson, House Transportation Committee
## Footnotes:

1. Projects can include multiple contracts. Only benefits from those contracts that were awarded are being shown.
2. The project does not produce benefits for transit, pedestrians, or bicycles.
3. Calculated costs are based on the contractor's estimate of the benefits to transit, pedestrians, and bikes applied as a percentage to the expenditures that occurred in the reporting period.
