

Upcoming Training!

Performance Based Practical Solutions (FHWA) Workshop February 23–25

What is Performance Based Practical Solutions (PBPD) you ask?

A successful PBPD program will involve agency staff at all levels working together to understand how project-level decisions contribute toward established system-level priorities and needs .

- ◆ See the attached flyer for additional information!

With instructor approval, register for this FABULOUS training opportunity in “The Learning Center” class: WSDOT FHWA: Performance Based Practical Design Workshop (2/23/2021–2/25/2021). You must register for all three days.

Contract Spec Writing is back ... March 24 and 25

The three December Contract Spec Writing classes filled up quickly! The March 9 and 10 class filled up quickly too! With that in mind another class is open and available for registration where you will be introduced to WSDOT Special Provisions – which are Contract Provisions and Project-specific Provisions that are part of the Contract for design-bid-build projects.

WSDOT Library Webinar Wednesday February 17 – “Got Roadside?”

Did you know that the Research & Library Services showcases innovations in transportation research? One way they do this is through their “Webinar Wednesdays” feature presentations!

Do you think about WSDOT’s roadsides? Join the February 17 Webinar Wednesday to begin to visualize roadsides as transportation Assets. See the attached flyer for registration details.
