In light of the COVID-19 pandemic, Washington State Governor Jay Inslee has issued a Proclamation directing mandatory vaccination for all cabinet agency state employees, which includes WSDOT. This requirement extends to contractors who may be physically present on WSDOT owned, leased, or controlled property and right-of-way in the conduct of their work. Contractors will need to acknowledge, in writing, their acceptance of these terms as a condition of the contract. Please note that WSDOT has elected to implement the “Path Two” option within the Governor’s Vaccination Proclamation requirements. Under Path Two, contractors are required to assume responsibility for the vaccination verification and accommodation requirements set forth in the Proclamation. Therefore, WSDOT contractors must certify that all employees of the contractor, and employees of any subcontractors, working “on site” comply with the terms and requirements of the Vaccine Mandate Proclamation. The mandate only applies to contract employees who are physically present on WSDOT property and does not apply to contractors working from locations which are not considered “on site.” The Governor’s Office has created a resource website that contains FAQ’s and information for complying with Proclamation 21-14.1.
