¹ Total Allocations available for programming in FFY 2023 [includes 2023 allocations and actual carry-forward amounts] of the Surface Transportation Block Grant program (STBG), Congestion Mitigation/Air Quality (CMAQ), & Surface Transportation Block Grant Set-Aside (Transportation Alternatives) through the selection processes of the Metropolitan Planning Organizations, Rural Transportation Planning Organizations, County Lead Agencies. Also, provided are the WSDOT Local Programs managed local bridge, safety, safe routes to school, NHS asset management, and national highway freight programs.

² 2023 OA Target is equal to total federal allocations available. If total federal allocations available is less than zero, OA Target is zero.

³ OA Target Delivery is the amount of federal funds obligated on projects or de-obligated due to project savings, during the current Federal Fiscal Year.

** Managed Program delivery total doesn't include \$40.1 million of bridge obligations that use funds from the new IJA Formula Bridge program. These funds have their own OA, similar to discretionary programs and earmarks; therefore, obligations using these funds aren't part of the formula target delivery and aren't included when determining whether we can receive redistributed OA.*
