

Montlake Project

Monthly Construction Update

June 26, 2024

How to participate in the webinar

All attendees are muted.
To adjust your audio settings during the meeting, click on **Audio Settings**.

Please use the **Q&A window** to ask questions or offer comments.

CHAT is disabled during the presentation. Please communicate with the team through the **Q&A window**.

Turn on **closed captions** if you want to view captions during the meeting. They are available in English only.

Agenda

- Current and upcoming work
- How to stay informed
- Comments and questions

Major project elements

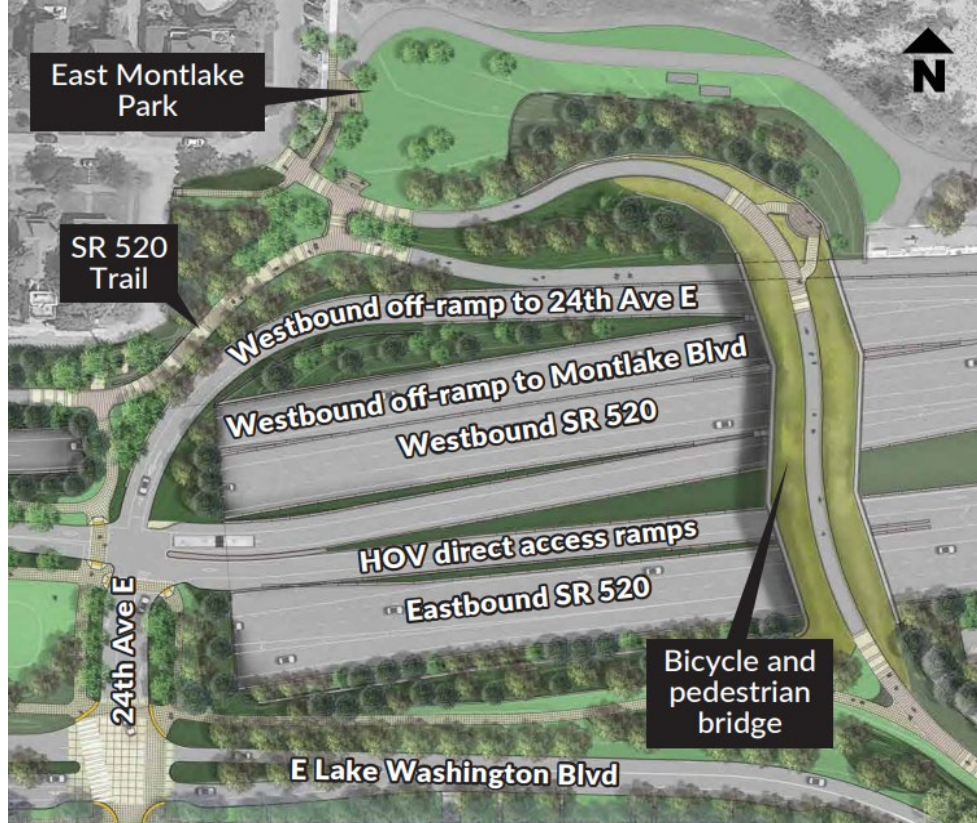

The Montlake Project will improve transportation for motorized and nonmotorized travel along the SR 520 corridor, including:

- A new eastbound bridge
- Montlake lid
 - HOV and bus lane
 - On and off ramps
- Bicycle and pedestrian bridge and connecting pathways

Project milestones

July 2024 – HOV direct access ramps will open to the public.

HOV direct access ramps work zone

HOV direct access ramps (May 23)

Project milestones

July 2024 – Bicycle and Pedestrian Bridge over SR 520 connecting Lake Washington Boulevard to East Park Drive will be open to the public.

Visualization of bicycle and pedestrian bridge

Bicycle and pedestrian bridge deck (June 26)

Project milestones

July 2024 – The Bill Dawson Trail will be connected to the pathway on the east and west sides of Montlake Boulevard through the shared-use tunnel. The trail will extend to the Bicycle and Pedestrian Bridge.

West entrance to the tunnel under Montlake Boulevard
(May 23)

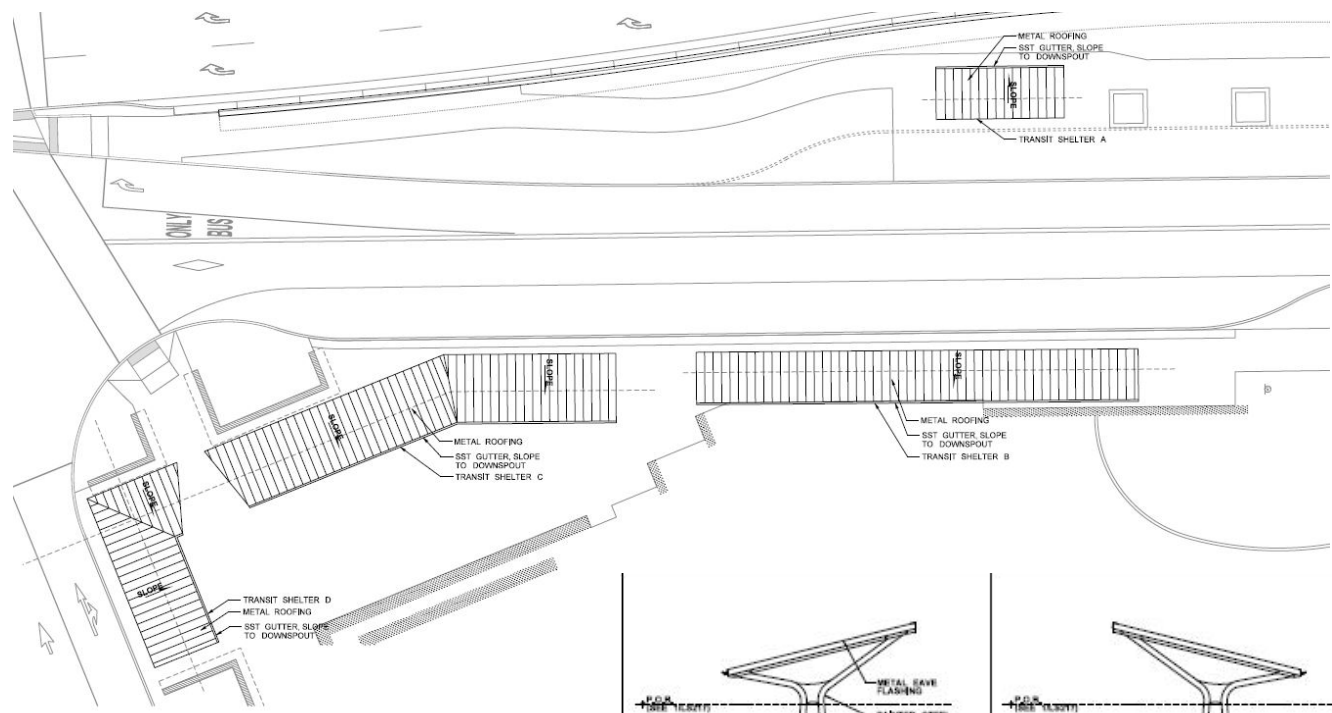

Project milestones

July 2024 – Complete sidewalks, trails, and landscaping on the Montlake lid and open it to the public.

Montlake lid – west end (May 23)

Project Milestone: Lid Transit Canopies

1 TRANSIT SHELTER ROOF PLAN

Project Milestones

Bicycle and pedestrian bridge construction

Montlake Boulevard

Lake Washington Blvd.

24th Ave & HOV lighting

SR520 Lighting

SR520 Railing

SR520 Bench

Achillea spp. (Yarrow)
3'-4' ht.

Agropyron spicatum (Bluebunch
Wheatgrass) 1.5'-4' ht.

Allium cernuum (Nodding
Onion) 1-3' ht.

Clarkia amoena (Godetia 'Farewell to Spring')
0.5'-3' ht.

Coreopsis lanceolata (Lance-leaf Coreopsis)
2' ht.

Note: Examples of fixtures only. Items may vary.

Project completion-Montlake to Roanoke

Work to be completed includes signal conduit, Montlake Plaza, and final paving.

Project completion -Old Canal Reserve

Work to be completed includes, pathways, landscaping and electrical by third party

Old Canal Reserve – east facing (May 23)

Project completion –Traffic Congestion

- 48,000 approx. vehicles travel north and south per day along Montlake Blvd.
- Montlake Bridge closures
- Signal timing in temporary configuration
- Traffic movements

Remaining project closures:

Graham coordinates project closures with the City of Seattle and Washington State Department. Closures are reviewed to determine impacts to the travelling public throughout the city taking into consideration local events and holidays.

July 2024						
Monday	Tuesday	Wednesday	Thursday	Friday	Saturday	Sunday
1	2	3	4	5	6	7
Roanoke Full Closure - TCP 98			Independence Day			
14	13	12	11	10	9	8
8	9	10	11	12	13	14
22nd Ave. Closure - TCP 106						
24th Ave. Closure - TCP 109						
7	6	5	4	3	Seattle to Portland Bike Ride	
15	16	17	18	19	20	21
				Bite of Seattle		Seafair Triathlon
					Montlake Closure #14	
22	23	24	25	26	27	28
					EB & WB - Wearing Coarse, Commissioning	
29	30	31				

Remaining project closures:

August 2024						
Monday	Tuesday	Wednesday	Thursday	Friday	Saturday	Sunday
			1	2	3 Seahawks	4
					Blue Angels Air Show	
5	6	7	8	9	10 EB & WB - Commissioning #2	11
					Obliteride	
12	13	14	15	16	17 Montlake Closure #15	18
					EB & WB - Commissioning #2 - Back up	
19	20	21	22	23	24	25
					EB & WB - Commissioning #3	
26	27	28	29	30	31 UW Football	

September 2024						
Monday	Tuesday	Wednesday	Thursday	Friday	Saturday	Sunday
					Labor Day Weekend	
2 Labor Day Weekend	3	4	5	6	7	8 Seahawks
9	10	11	12	13	14 Montlake Closure #16	15
					UW Football (Lumen Field Game)	
16	17	18	19	20	21 UW Football	22 Seahawks
23	24	25	26	27	28 EB & WB - Commissioning #4	29
30						

Schedule is pending coordination with third party agencies and is subject to change.

What to expect: Noise and vibration

- Different types of equipment result in different levels and kinds of noise and vibration.
- Electronic noise and vibration meters record levels throughout the project area.
- Vibration monitors collect data in the field and immediately alert the project team when readings are outside the set tolerances.
- Nighttime construction has stricter rules for noise levels and equipment use.
- We've received a Major Public Project Construction Noise Variance (MPPCNV) permitting higher than normal decibel levels between the hours of 10 p.m. and 7 a.m.
- Crews may work 24 hours a day, seven days a week throughout construction.
- Typical work hours for the loudest work:
 - 7 a.m. to 10 p.m. weekdays
 - 9 a.m. to 10 p.m. weekends and holidays
 - Impact pile driving has stricter work hours and will occur:
 - 8 a.m. to 5 p.m. weekdays
 - 9 a.m. to 5 p.m. weekends
- Independent noise monitors will be present for night work to ensure compliance with specified noise levels.

Our 24-hour hotline, **206-775-8885**, is the best way to report noise and vibration concerns and to have questions addressed in the moment.

Visit the SR 520 Construction Corner to view the MPPCNV, read up on the allowable nighttime decibel levels, or read our weekly noise report:
