

WSDOT Approved Regular Dealers

To participate as a Regular Dealer in the Disadvantaged Business Enterprise (DBE) program your business must receive an onsite visit and review from Office of Equity & Civil Rights (OECR) to determine whether or not your firm meets program requirements per [49 CFR Part 26.55\(e\)\(2\)](#). Once the onsite is completed, your firm will be notified as to the findings of the review.

Once recognized, the next step is to apply for Regular Dealer status on a project-by-project basis. You must complete the [UDBE/DBE Regular Dealer Project Request](#) for each project, and send the completed form to OECR no later than five (5) calendar days prior to bid opening. If you are applying for Regular Dealer on an Alternative Delivery Methodology (ADM) project such as a design-build project, you must apply and receive approval prior to providing any equipment or materials or the signing of a purchase order, invoice, or subcontract.
