# Project overview

# Project overview

Expand express toll lane (ETL) capacity.

Widen I-405 through the SR 522 interchange.

Add direct access ramps at the SR 527 and SR 522 interchanges.

Construct a new transit hub, build inline bus rapid transit (BRT) stations on I-405, and improve bus transit connections locally.

Improve connections for pedestrians and cyclists to transit and trails.

Improve local roadways and state routes.

Correct and repair fish barriers.

# *Stride*

*Bus Rapid Transit (BRT)*

# Program updates

# Construction updates

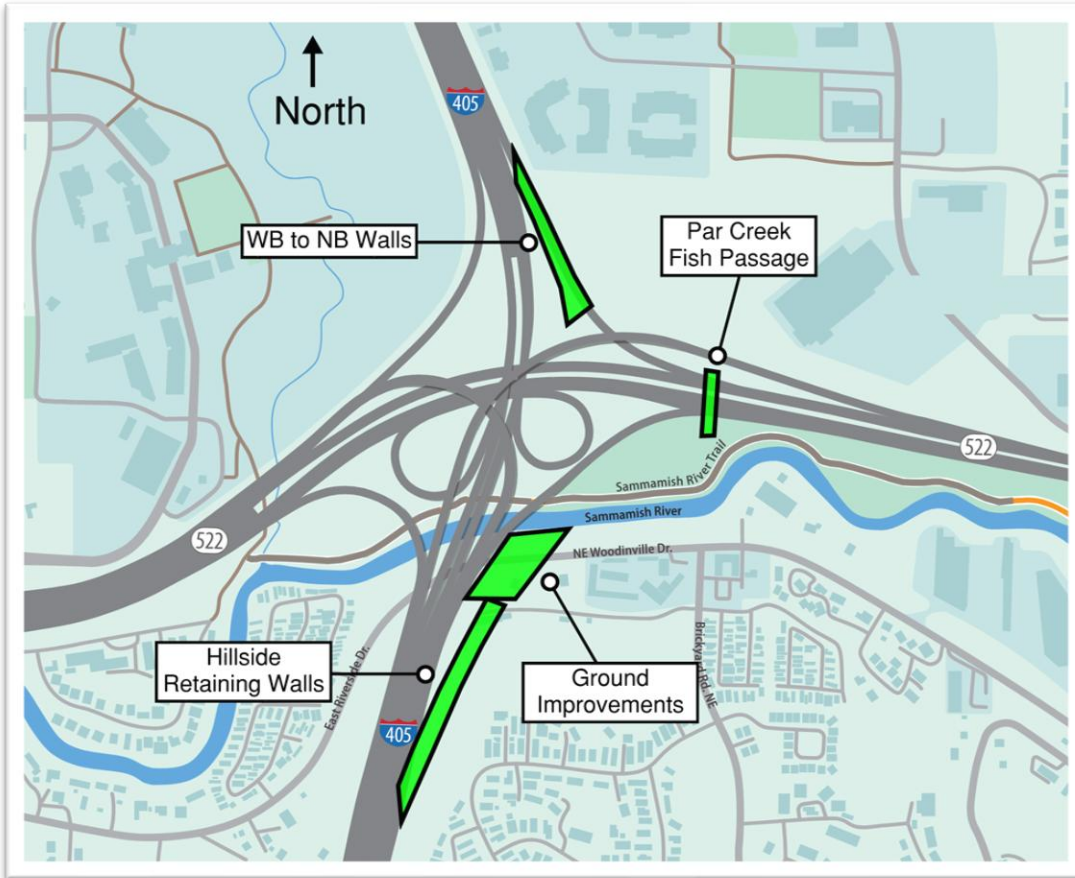

# Construction milestones

## I-405 Brickyard – Project Update

SKANSKA

# I-405/SR 522 work zone locations

# Project Progress

## I-405 traffic shift near Northeast 160th Street

- Opened new work zones near Brickyard Park & Ride
- Completed staging/bus station relocation for Brickyard Station work
- Installing communications network infrastructure from Brickyard at Northeast 160th to the south end of the project.

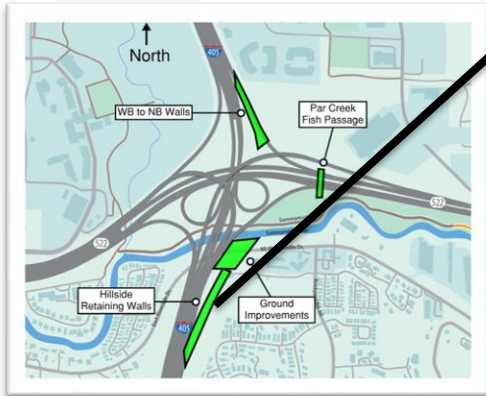

*Looking north at I-405 and Northeast 160th Street.*

# Project Progress

## Northbound I-405 near SR 522 off-ramp

- Built soldier pile wall
- Building tieback wall

*Looking northeast at soldier pile and tieback wall construction along northbound I-405.*

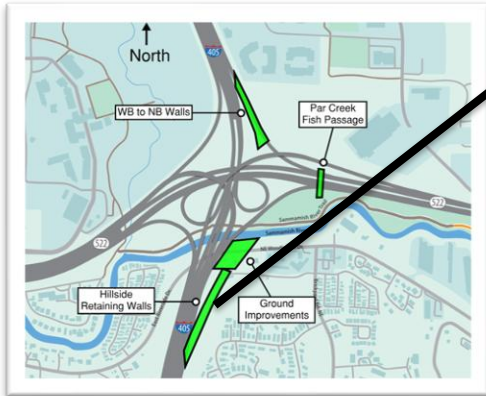

# Project Progress

## Sammamish River Area/Woodinville Drive

Northbound I-405 to eastbound SR 522  
bridge construction start:

- Pile installation, November 2024
- Foundations started south side, November 2024
- Foundations start north side, March 2025

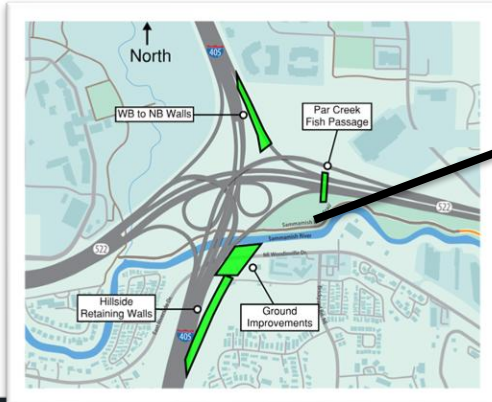

*Looking east, crews work on the south side of the Sammamish River, next to Woodinville Drive.*

# Project Progress

## Temporary trail detour

- Short reroute around the active work zone underneath the I-405/SR 522 interchange
- Brief closures of the trail no longer than 15 minutes and not to exceed 45 minutes in a day.

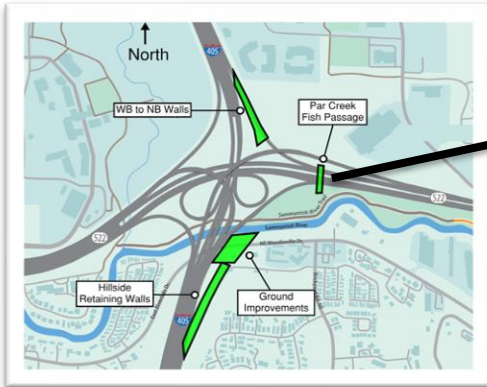

*Looking northeast on the Sammamish River reroute north of the Sammamish River.*

# Project Progress

## Par Creek fish passage SR 522

- Completed first segment of fish passage
- Shifted westbound SR 522 to northbound I-405 ramp traffic

*Looking west at the westbound SR 522 ramp to northbound I-405 after paving over a section of the new Par Creek Fish Passage under SR 522.*

# Upcoming work

## Juanita Creek

Clear and grub west side of I-405 to prep site for construction – March

## Brickyard Station

Utility and foundation work – April

*Looking northwest at the Brickyard Park & Ride on the westside of I-405.*

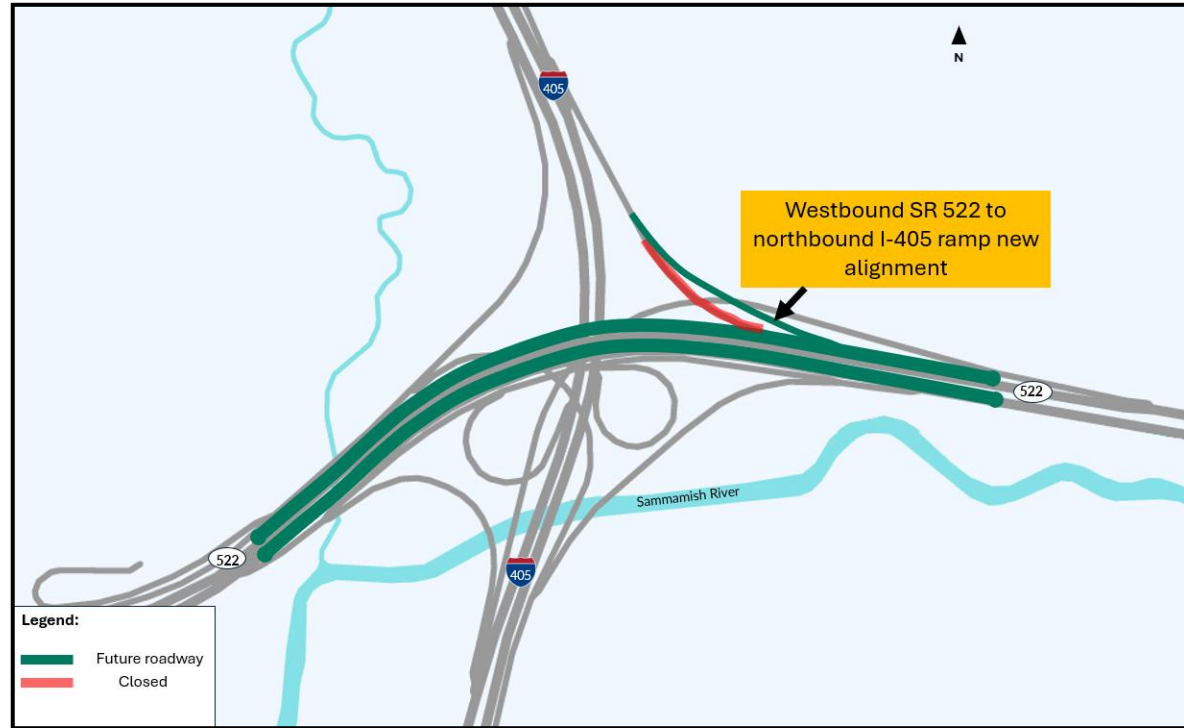

# Upcoming work

## Westbound SR 522 to Northbound I-405 new on-ramp

Second phase of Par Creek work, final ramp alignment in place - April

## SR 522 both directions lane shifts

Lanes shift northward - April

*Future alignment for SR 522 general purpose lanes and westbound SR 522 ramp to northbound I-405.*

# Upcoming work

## I-405 lane shifts near SR 527 - April

Both northbound and southbound lanes shift to create space for future roadway configuration

## Northbound I-405 to SR 527 ramp/North Fork Perry Fish Passage - April

- Access, egress to construct wall
- Clear and grub
- Build pond

*Looking northeast at the Canyon Park Park & Ride.*

# Poll question 3

---

# How to stay informed

# How we're keeping communities and partners informed

- Quarterly project updates
- Mailed materials and information
- Briefings, meetings and events
- Email and website updates
- Poster and flyer distribution
- Project toolkits

Stay informed by subscribing to email updates.

Updates include:

- Closures
- Lane shifts
- Night or potentially impactful work
- Changes in work hours
- Construction milestones

# How to stay updated
